*AN ELEGANT BLEND OF TECHNOLOGY, ERGONOMICS, AND FUNCTIONALITY.*

# PELTOR®

From our preferred tactical hearing protectors and E-A-R® plugs to sporty safety eyewear, all Peltor® products offer exceptional quality and performance. By incorporating the latest technological advances, materials and designs, our products are among the most innovative in the industry.

# More Sound... Less Noise

*Peltor Tactical Sport - specially developed for hunters and sports shooters.*

Peltor Tactical Sport is an intelligent active hearing protector. The smooth adjustment of the hearing protector's level dependent function gives the user particularly pleasant sound reproduction and less interference. The unique digital audio circuit eliminates abrupt sound cutoff.

Dirt repellent material

Adjustable, padded stainless steel headband

Easy to change replaceable cups

On/Off and volume adjustment

Electronics in the Peltor Tactical Sport respond at lightning speed and protect the user's hearing from loud impulse noises. However, the system reacts so gently that in most cases, you'll never hear the cut-off when the protector is activated.

Easy access to batteries

Recessed microphone

Audio input for connection to communication radio and dog tracker

Gun stock recess

## Tactical Sport® Hearing Protector

Folds for storage and portability
