SWATCOM RANGE BAG SPECS

PRODUCT MATERIALS:

- 600 Denier DWR PU*2 Coated material.
- YKK nylon buckles for low sound closures.
- High tensile strength nylon webbing.
- High tensile strength composite nylon thread (stronger than ordinary industry standard nylon thread).
- High grade closed cell foam padding material for superior shock protection.
- Internal seams taped and finished .
- All Stress points double stitched, Bartacked or "X Box" stitched for added strength.

Large Range Bag:

- Consists of 3 compartments, the larger Main Compartment has a Double Zipper Closure to provide a wide opening.
- 2 larger internal sides are covered in Velcro and MOLLE (one side only) for attachment of pouches.
- 2 smaller Side Compartments have removable dividers so as you can use them to organize or remove them for a larger storage space.
- MOLLE Loops on small exterior sides for addition of pouches or holster.
- 10 x 20cm Velcro panel on exterior for addition of ID Patches.
- Removable inserts mean the bag can be flat packed and rubber feet on the bottom to stop wear.
- Waterproof bottom material
- Made in 600 Denier DWR PU*2 Coated material for its lightweight properties & durability.

Medium Range Bag:

- Consists of one large main compartment with a double zip closure with zip strap
- 2 additional zip compartments either side of the middle compartment
- 39mm wide shoulder strap with a 95mm wide x 243mm pad for increased comfort
- Waterproof bottom material
